Accident to machinery of H. M. S. *Seagull* ..... 457
Allderdice, W. H.—Reply to Chief Engineer Isherwood, U. S. Navy* ..... 65
Alloys, some new ..... 489
Aluminum bronze ..... 490
Aluminum steel ..... 501
Annual meeting ..... 148
*Anson*, H. M. S., defects in machinery ..... 131
*Assaye*, description ..... 269
Atlantic record, the ..... 609
Auxiliary engines in connection with the modern marine engine ..... 583
Auxiliary machinery, horse-power of, as a fraction of horse-power of main engines ..... 217

Baird, G. W.—Discussion on trial trips ..... 170
Discussion on preservation of marine boilers ..... 438
*Barfleur*, H. M. S., description ..... 131
*Bathurst* (Argentine Navy), description and trial ..... 142
Belleville boiler, experiments with for marine machinery ..... 119
Belleville boilers on ocean-going vessels ..... 246
*Bennington*, U. S. S., contract trial of ..... 206
*Blake*, H. M. S. ..... 599
*Blanche*, H. M. S., defect in propeller shaft and casing ..... 131
Blomberg, C. H.—Contribution on Belleville boiler ..... 119
Boilers, Belleville, and their applicability to ocean-going vessels ..... 246
experiments with, for marine machinery ..... 119
Boilers, construction of, adapted to forced draft ..... 229
Boiler Construction, effect of artificial draft on* ..... 349
Boilers, development of cylindrical heads for* ..... 221
Boiler Deposits ..... 243
Boilers, preservation of marine* ..... 179
Boiler, the Serpollet, and superheated steam ..... 588
Breakdowns of machinery in fleet manœuvres of French Navy in 1890 ..... 280
*Brennus* (French Navy), description and launch ..... 601
Bronze, aluminum ..... 490
deoxidized ..... 497
